

Change Ur Life

Live chat available on our website!

WWW.CHANGE-UR-LIFE.ORG

Supporting victims to *change* their lives.

Together, we can end domestic violence.

Advice and support for both men & women. Call us on **07495 825 762**

No one should be subject to suffering in silence or be forced to accept a life of fear, it is inhumane, and therefore, there must be a change for good.

Having personally worked in the field supporting victims for several years, Change Ur Life has been established to offer a friendly, non-judgemental domestic abuse outreach service. This includes comprehensive support now and in the future, helping individuals to feel empowered to make the change in their life that they deserve. It is for this reason that we promise that:

- ✓ No victim will be turned away
- ✓ No victim will feel judged
- ✓ No victim will be left helpless
